

healthy neighborhood update

purpose:

Community Building Partnership of Stark County, Inc. (CBP) is Stark County's community development intermediary and is committed to restoring the health and prosperity of Stark County neighborhoods. We are proud to be a sponsor of the neighborhood renewal efforts taking place in the NEAR neighborhoods of Canton. In support of our mission we partnered with the NEAR Neighborhood Association and the residents of 15th Street NE for a block-wide clean-up. The purpose of the initial clean-up focused on landscaping, street sweeping, cleaning, relationship building and most of all resident engagement. The clean-up provided residents an opportunity to rally together for positive neighborhood impact in conjunction with the ArtsinStark/JP Morgan Chase Foundation art project being placed on a resident maintained vacant lot on 15th St. between Edwards Ave and Superior Ave NE.

CBP, NEAR, and the 15th St residents are committed to restoring this block as a neighborhood standard setter for the Crystal Park neighborhood. Additional improvements taking place on the block include fence painting, tree and stump removal, new sidewalks, a pick-your-neighbor program, and a patio furniture swap program.

To take part in future 15th Street renovations or for more information, please contact:
Brenda Turner, CBP Organizer 330.413.6224 / bturner@communitybuildingpartnership.org
